GAME STORY

The cave boy with the head of stone is back in this new chapter of his amazing adventures! Join Bonk as he travels through Dinosaur Land in search of the beautiful Moon Princess.

But it looks like Bonk's old enemy King Drool is ready to take over. He's captured the Princess and demands to rule Dinosaur Land. Now Bonk has to use his head (literally) to knock King Drool's fools off the map and bring peace back to the realm.

Explore the wild world of our hard headed kid and always keep an eye out for hidden items and bonus zones!

CONTROLLER FUNCTIONS

Control Pad: Moves Bonk up, down, left and right.
Up lets Bonk enter the Boss Stage elevator.

A Button: Makes Bonk Jump.
Bite walls for vertical climb.

B Button: "Bonk" with head (attack).
Do a midair spin.

Start Button: Pauses the game.
Start "new" Bonk life.

TECHNIQUES

Midair Spin: Jump and rapidly press the B Button. This slows Bonk's rate of descent and increases his jumping distance. This also makes the power of your "Bonk" (headbutt) twice as strong.

Wall Bite: This is to scale walls that are too high to jump. Jump against the surface and Bonk automatically bites the wall. Press the A Button to begin climbing.

Waterfalls and Tree Climbing: Use the wall climbing technique to swim up waterfalls and scale trees.

The Grand Bonk: When Bonk eats a hunk of meat he is temporarily super charged. By doing a mid air spin and landing on his head he sends a pile-driver shock wave across the screen to damage all enemies.

POWER-UP ITEMS

Hearts: The life gauge increases by one heart.

Smiling Faces: Collect these to increase heart points at the end of each level.

Fruit: The life gauge increases by 1/4 heart.

Big Hearts: The life gauge increases by three hearts.

Small Meat: Gain a Power-up.

Big Meat:  Gain a Power-up twice as big as the small meat.

1 Up: Gain an extra life.

FLOWER POWER

The Bani-Bana flowers are located all across Dinosaur Land. They provide Bonk a variety of different items and bounce effects. These are:

Jumping Bani-Bana: These give Bonk the opportunity to jump higher than he can by his own strength. Use these flowers to grab items that are out of his reach.

Heart Bani-Bana: These give Bonk extra hearts for the Heart Meter. They restore lost energy points.

Meat Bani-Bana: These give Bonk the small and large pieces of meat to transform him into a more powerful Bonk!

GAME PLAN

Make your way through all the levels of Dinosaur Land to take on King Drool in a head banging finale! Look for small flowers to transport you to special Bonus Zones. The action in the main game is temporarily halted as you try your luck in these rounds. Increase your score and your skills in tests of jump/spinning, swimming and climbing.

Use these skills to bonk your way across multiple levels of challenges awaiting you in the different areas. Gigantic flower beds, waterfalls, and whirlpools await Bonk as he searches for the Moon Princess.

Look for the secret passages to the Boss Rounds! There you will encounter huge bad guys that will take extra talent and determination to defeat. Beat them to gain access to the next level and earn the heart points from the Smiling Faces that you collected.

Good luck, and Happy Bonking!
